授業内容：	<p>Intermediate to advanced “book club” style discussion class.</p> <p>Enjoy reading intermediate level graded readers based on important English literature classics, such as Breakfast at Tiffany’s and others. We will read three to four books in one term and discuss the characters, stories, and social issues in small groups or pairs. Students should prepare by reading and creating questions for classmates. Students can ask the teacher questions about the text if there is anything they don’t understand.</p> <p>The pedagogy of this course is based on “extensive reading”, which means reading longer easier texts to improve general reading fluency. Students can also maintain or improve grammar, vocabulary, and speaking skills while enjoying themselves.</p>
